## A Sale of Sample White Enameled Iron Beds To-day.

We've bought and placed on our third floor about two dozen samples of fine iron bedsteads, and we're going to sell them to-day at practically wholesale price, and from 25 per cent to 33% per cent less than their real value.

These were bought from one of the largest and best manufacturers in the country, and you know they're not going to send out inferior samples—most always make the samples better than the goods delivered.

## Tube Workers Resume Work.

The National Tube Company has announced resumption of work at the 19-inch mill and the continuous mills of the McKeesport plant. Orders are coming in and the company expects to start several other departments in a few days. The resumption of the McKeesport plant will likely have the effect of a start up soon of the Riverside tube works, which has been off on account of lack of orders.

## State Supreme Court.

The state supreme court of appeals convened in the chamber of the first branch of council yesterday morning. The docket cases will be called Friday, owing to a large number of interested lawyers being unable to be present on account of the two political conventions. Ohio county will be called first. The court adjourned until Friday. Judge McWhorter was unable to be present, owing to his wife's illness at Parkersburg.

## Criminal Court.

Judge T. J. Huges, of the criminal court, called the docket yesterday morning. A number of attorneys were out of the city, which resulted in only three cases being brought before the court on demurrers.

In the case of Alexander Gurley, who stands charged with the felony of kidnapping Cecelia Peek several months ago, a demurrer was entered and set down for argument on June 11. Judge Johnson for perjury, goes over until June 11, on a demurrer.

The demurrer in the case of W. A. Link will be argued to-morrow morning. Court adjourned until Friday, when the docket may be completed.

## Funeral of Charles L. Hamilton.

The funeral of the late Charles L. Hamilton took place yesterday afternoon, from the residence of his widow, Mrs. Sae R. Hamilton, on Sixteenth street, and it was attended by a large number of his many friends. Including a number of local business men and officials of the Wheeling Railway Company. Rev. Joseph Speers, of the Second Presbyterian church, made a touching address, referring to this promising young man's death in the early bloom of manhood, also offering consolation to his widowed mother. A number of beautiful floral tributes were given as a token of esteem by his many friends, including a beautiful wreath by the directors of the Wheeling Railway Company. The interment followed at Greenwood cemetery.

## A BIG ADDITION

To Their Stores to be Built by Geo. M. Snook &amp; Co.

2,000 FEET MORE FLOOR SPACE.

The New Stores Will Adjoin the Firm's Present Main Street Quarters, and Will Have all the Modern Facilities for Large Department Business—Architects Have the Plans.

The prosperity in the local mercantile world is illustrated by the big addition to Stone & Thomas' stores, and the contemplated extensive additional facilities contemplated by the enterprising dry goods firm of Geo. M. Snook & Co., which has decided to enlarge its store rooms on Main and Market streets with 2,000 additional square feet of floor space.

For some time past the business of this firm has been somewhat hampered for room, which has prompted the instructions to the architects, Gleesey & Paris for the erection of two additional stories to the present three stories on Main street with one of the latest five-story fronts occupying the entire frontage of forty-four feet and three inches, while the depth of the building will be 125 feet. The front will have a beautiful arch entrance extending to the top of the second floor, while the windows will all have a bay and present a very imposing appearance. A passenger elevator will be provided, also the latest improvements requisite to advance their continually growing trade.

The contemplated changes cannot be made until the several leases of the tenants occupying the second and third floors expire. This improvement will beautify Main street to a very great extent.

The firm of Geo. M. Snook & Co., is composed of energetic young business men who graduated from the ranks of clerkdom a few years ago. Their success is synonymous with the present good times.

## NO MAYOR FOR A DAY.

Consequently Police Court Was a Blank, and Prisoners Were Released.

Matters looked very interesting yesterday morning at police headquarters. Chief of Police Clemens had everything in regulation order for the wheels of justice to do its work in the municipal court room, but at the appointed hour it was learned that Acting Mayor James P. Maxwell had gone to the Weston convention, and Wheeling was without a mayor to look after the unfortunate in police court. As a result of the above incident Chief Clemens was compelled to release the prisoners, F. Johnson, F. Arnett and M. Prager on several charges, owing to the city ordinance, which prohibits the incarceration of a prisoner more than twenty-four hours.

## State Embalmers to Meet.

The state board of embalmers will convene in this city on next Monday, and probably Tuesday, at the Windsor hotel. A number of important matters will be decided, as well as examining a class of twenty to be licensed undertakers and embalmers. The local society of undertakers are making arrangements to be present at the examinations.

## NOTICE.

## To the Public.

Seeing the article in the Register of June 6, headed "Laundry Girls Strike," we would like to correct the false and deliberate fabrications on their part. We never did have, nor have we now, a strike at the Pearl Laundry. The whole trouble was that (3) three girls formed a ring to tell us how to run a laundry, all the rest joining in. They have been slighting their work for some time past, and Monday evening every one of them were discharged.
